

Approve Income Tax Hike

Finance Group of Senate For Three Billion Raise on Personal Income

By Francis M. Le May

WASHINGTON, Aug. 11.—(P)—The Senate Finance committee today approved an annual increase of about \$3,000,000,000 in personal income taxes.

The bill authorizes the government to begin digging deeper into the pockets of over 50,000,000 taxpayers on Oct. 1.

At the same time, the committee instructed its staff to draw up an exemption which would have the effect of removing taxes from members of American fighting forces below the commissioned officer rank in Korea and areas of hostilities.

Some exemption also would apply to officer personnel, under this plan.

If the Senate and House approve the tax bill, as they are expected to do, the tax obligations of individuals will go up as much as 20 per cent in some income brackets.

More in Withholding
Beginning Oct. 1, withholdings on wages and salaries, after personal exemptions, would jump from the present 15 per cent to 18 per cent.

The committee action completed its approval of the major items in President Truman's "first installment" \$5,000,000,000 tax program intended to help pay for the Korean war and America's rearmament against communist aggression.

Holst on Corporations
The tax framing group yesterday okayed a \$1,500,000,000 a year increase in corporation taxes raising the top levy on corporate income from 38 per cent to 45, effective as of July 1, 1950.

The higher tax rates will apply on one-half of 1950 corporate income, but only to one-fourth of 1951 individual income.

All told, the committee now has approved items aggregating about \$4,500,000,000 of the President's \$5,000,000,000 request. It has yet to act on several minor items, and possibly on an excess profits tax proposal for corporations.

The committee action to take taxes off GI's in areas of hostility expanded the tax bill into a field the president did not touch on in his tax message to congress.

Details Not Complete
Details of military exemption plan have not been worked out, but the committee said withholding from pay should not continue on men in the area of hostilities.

In World War II, Congress gave a flat exemption of \$1,500 to all members of the armed forces, which then had the effect of removing taxes on men below officer rank, and reducing the tax on officers.

No figure yet has been mentioned for the proposed new flat exemption for men in fighting areas. But what the Senate committee...

Corn Under Earlier Estimates Made

COLUMBIA, Mo., Aug. 11.—(P)—The July crop report yesterday estimated the Missouri corn crop at 176,442,000 bushels, somewhat below earlier forecasts.

The figure was lowered because of excessive rains in the north central portion and dry weather in central and eastern counties.

The federal and state crop reporting service said prospects are excellent in other parts of the state.

The report also forecast a record crop of 17,967,000 bushels of soybeans.

'Bob' Angel Is Injured Fatally

Sedalia Boy Died On Fishing Trip At Gravois Beach

Jerry Eugene "Bob" Angel, 21 years old, of Sedalia died of injuries received in a boat accident while on a fishing trip at Gravois Beach, Mo., about 8:45 o'clock Thursday evening.

Jerry Eugene Angel

Angel and several friends were on a fishing trip at the resort town when the accident occurred about 4:00 o'clock Thursday afternoon. Witnesses who saw the accident gave the following account: "Angel was driving the boat several hundred yards off the shore line when rough waves caused the boat to spin momentarily and then threw Angel from his seat. It was believed that after being thrown into the lake, the boat motor cut him on the legs and his right arm which was almost severed next to the shoulder blade. A later examination revealed that the arteries in the arm had been cut and that death was due to loss of blood and shock."

Angel was taken to the Gunn clinic in Versailles, which is about nine miles north of Gravois Beach, where he was given emergency treatment by Dr. Jackie Gunn.

His condition was not considered critical and the death was unexpected according to Bill Kidwell of the Kidwell funeral home in Versailles, where the body was later taken.

Angel's parents, Mr. and Mrs. J. C. Angel, 2800 South Kentucky avenue, were called to the hospital after the accident and arrived there about fifteen minutes after the boy had died.

Angel was alone in the boat at the time of the accident and was taken from the lake in a semi-conscious condition by several resort visitors who went out in boats after they saw the accident.

In the group with Angel on the lake were: His uncle, Raymond Davis, his cousin, Mrs. Gordon Williams and Mr. Williams, Mr. and Mrs. Louis Taylor and Miss Mary Stucke, of Syracuse.

He is survived by his parents and one brother, William, also of Sedalia.

The body was taken to the McLaughlin funeral chapel late Thursday night, where services will be held at 2:00 o'clock Saturday afternoon. The Rev. H. U. Campbell, of the Fifth Street Methodist church will officiate. Mrs. Mae Moser is in charge of the music.

Mrs. W. L. Lewis and Mrs. George Lovetcamp will sing. "Sometime 'We'll Understand," "The Lord is My Shepherd," and "Death Is But a Dream," accompanied by Mrs. Moser.

Funeral services will be held at 10:00 a.m. Saturday at the funeral home, William Taylor, Arthur Corley, Robert Monroe Coffey, J. D. Coffey and Henry Lamm, Jr.

Land to Be Utilized in National Cemetery
WASHINGTON, Aug. 11.—(P)—President Truman yesterday signed legislation authorizing land outside of the war-closed area at Springfield, Mo., to be utilized as part of the Springfield National cemetery.

Sedalia Units Of Guards to Camp Sunday

Training Period of Two Weeks at Fort Leonard Wood

Sedalia units of the 35th division, the Division Headquarters and Battery C, of the National Guard, will depart for their two-week annual training camp at Ft. Leonard Wood at 6 o'clock Sunday morning. The 35th division, made up of units from Missouri and Kansas, is commanded by Major General John C. McLaughlin of Sedalia.

Advance detachments from Sedalia consisting of two men from Division Headquarters and two from Battery C, left this morning for Ft. Leonard Wood to have the area where the local units will be camped in readiness. Two other men from Battery C, left last Wednesday and have since been attending Cooks school.

The two units are taking with them all equipment including motorized units. Battery C will take their two 105-mm howitzer guns to be used in firing problems by the battery.

Comprise 75 Men
Seventy-five men and officers make up the two units from here.

Officers are: Maj. Gen. John C. McLaughlin, commander of the 35th; Lt. Col. James M. Blue, adjutant general of the division; Capt. Herman A. Myers, assistant adjutant general; Lt. David E. Bashma, of Warrensburg, assistant to the adjutant general; Lt. Robert Johnson, aid to the division commander; William K. Zink, postal officer; Chief Warrant Officer Richard F. Shelley, and Warrant Officer Lavern H. Barman, of Division Headquarters.

Major Carl D. Siegel, medical officer, and Major Herbert G. Abney, dentist.

Capt. William L. Chick, commanding officer of Battery C. Other battery officers are: Lt. William H. Glavin, Lt. Ralph Bowers, Warrant Officer Russell Rhoads.

Colonel Macey L. Dill, U. S. Army, division instructor, stationed in Sedalia, will accompany the Sedalia units to Ft. Leonard Wood for the two weeks training.

Lt. Col. Blue, this morning, said the elements of the 34th division consisting of units from Iowa and Nebraska, who have been in training at Ft. Leonard Wood the past two weeks will leave for home on Friday. A special detachment...

Body Found With Head in the Mud

CHILLICOTHE, Mo., Aug. 11.—(P)—The body of a man whose head had been forced into the mud of a roadside ditch by a truck wheel was found southeast of here today.

Some 20 yards away, in the same ditch, was a truck with another man asleep in the front seat.

Sheriff William Uhrmacher said the dead man had been tentatively identified as Artie Brooks, 32, who had been working recently at Jamesport, Mo.

"The man asleep in the truck was identified by the officer as Harry E. Lockridge, 34, a Jamesport man operating a farm south of Chillicothe."

Officers said Lockridge was unable to give them an account of what happened. Uhrmacher, however, said it appeared that the truck had become stuck in the ditch and that Brooks had gotten out to push. He said there was a possibility that Brooks had slipped and fallen under the wheel.

Both men apparently were returning from Chillicothe to the farm where Brooks was living temporarily.

Girl Found

Lola Jean Fansler, 15, missing from her home near Eminence, Mo., since last Monday, preceding the Ozark mountain shooting episode last Monday night bringing death to four persons, was located at a cabin near Poteau, Okla.

Girl Taken to Oklahoma by Man Killed

Lola Jean Fansler Is Found Near Poteau at Cabin

POEATU, Okla., Aug. 11.—(P)—A 15-year-old girl missing from her Missouri home since last week has been located here and is quoted as saying she came here willingly with the man who killed her father, her uncle and his own four-year-old daughter.

Sheriff Jack Craig said he picked up Lola Jean Fansler, Eminence, Mo., at a cabin 15 miles south of Poteau last night and was holding her without charge for Missouri officers.

Craig said the girl told him she came to Poteau of her own accord last Friday with Harold Westley Harris. Harris, a 34-year-old man, was shot to death Wednesday.

Lola Jean was told she probably would be returned to Missouri in time to attend the funeral of her father. Sheriff Craig said she told him she didn't intend to go to the funeral.

In Missouri, Prosecuting Attorney Friend Greene of Shannon county said Sheriff Hubert Wright was en route to Poteau.

Greene said the girl bore an excellent reputation but it seemed Harris had the entire Fansler family in mortal fear of him. He did not know, he said, what formed the basis of the fear.

The bodies of Harris and his daughter were taken to St. Louis yesterday for funeral services tomorrow.

Mrs. Rosa Fansler, 50, mother of the missing girl, still is in a serious condition in a Springfield, Mo., hospital.

Fay Kinney's 'Marauders' Not Broadway Attraction

By Don Whitehead

WITH AMERICAN TROOPS IN KOREA, Friday, August 11.—(P)—Fay Kinney and his South Korean "Marauders" sounds like the name of a band billed for a week on Broadway.

But actually "Kinney's Marauders" are a roving, toothy, shooting band of fighters the likes of which this army has not seen before.

Fay Kinney is a lanky, bespectacled second lieutenant from Oswego, N. Y. He's fast becoming a fabulous figure on the South Korean front.

It came about this way: The 25th regiment of the 25th division needed some South Korean police to help them patrol unguarded tanks and to hunt down enemy positions in the mountains. One hundred and fifty of the natives reported for duty under command of a South Korean captain. Sometimes these South Korean police make excellent soldiers. That depends on their leadership.

The South Koreans were turned over to an American captain to command. The captain wasn't very enthusiastic but Kinney began taking an interest in them and before long the Korean captain was going to Kinney for orders.

And Kinney was going with the South Koreans on patrols into the enemy lines and across Red-infested mountains.

Another Arrest Of Spy Suspect

WASHINGTON, Aug. 11.—(P)—The FBI today made a seventh arrest in connection with its roundup of Americans accused of aiding the leak of atom bomb secrets to Russia.

The justice department announced that FBI agents have taken into custody Mrs. Ethel Greenglass Rosenberg, 34, in New York City.

She is the wife of Julius Rosenberg and the sister of David Greenglass, both arrested last month on charges of obtaining highly classified atomic information for the Soviet Union.

Crown Prince Becomes Ruler

Succeeds King Leopold III Over The Belgians

BRUSSELS, Belgium, Aug. 11.—(P)—Crown Prince Baudouin today became ruler of all the Belgians in the place of his father, King Leopold III.

He took the oath as prince royal in parliament, where several hours earlier the Senate and Chamber of deputies in joint session had given final approval to the bill transferring Leopold's royal powers to his 19 year old son. The final vote was 349 in favor with eight abstentions.

This was the final act in a royal drama that began with Leopold's banishment in 1945 for his action in surrendering to the invading German armies in world war two.

The country was brought to the brink of civil war by strikes and violence stemming from the division among the Belgian people upon Leopold's return from exile in Switzerland last month. The unrest persisted up to the moment of the oath taking. Just before the joint sessions of parliament approved the royal powers bill, a smoke bomb was hurled into the building by a Belgian army major.

Elaborate security precautions were undertaken to prevent any recurrence of violence as the solemn ceremony took place. Communist representatives shouted twice "Vive la republique" as the prince raised his hands to take the oath. The rest of the assembly broke into loud cheers. The president of the assembly invited the Communists to leave.

Acheson Takes Blast at Malik

WASHINGTON, Aug. 11.—(P)—Secretary of State Acheson today accused Russia's representative in the U. N. Security Council of trying "to thwart the United Nations effort to restore peace and security in Korea."

At a news conference Acheson also said that the Soviet delegate, Jacob Malik, had used "dilatatory tactics" and "reiterated reversals of the truth" to obstruct presentation of the real facts about Korea.

The secretary of state's blast followed one by President Truman yesterday. The President told his news conference, Malik was using filibustering tactics in the Security Council.

Fay Kinney's 'Marauders' Not Broadway Attraction

So Kinney took over the command of the group—and then they became known as "Kinney's Marauders."

They roamed the mountains on patrols with Kinney in the lead. They fought the enemy and whipped him. They performed a valuable job for the regiment—and Kinney was left pretty much on his own.

Col. Henry G. Fisher, regiment commander from Los Angeles, chuckled when he talked about Kinney.

"They treat him like the king of Siam," he said. "The Korean captain comes running like an orderly when Kinney whistles. And Kinney has four personal bodyguards to take care of him wherever he goes."

"Kinney lives better than any of the rest of us. Those people always bring him molasses and fruit."

The colonel believes that Kinney has found the answer to the problem of how the U. S. Army should use South Koreans to help them fight through the mountains.

Those Koreans can go places; these mountains that we can't go, he said. "Why, Kinney has a man who carried a message to us by running down one mountain and across another. If I had to go that I'd still be missing this time next week."

I went hunting for Kinney for an interview. But no luck. Kinney was across the mountains on patrol with the Marauders.

Call Officers In Reserves

Goes to 7,862 Not on Active Duty For October

WASHINGTON, Aug. 11.—(P)—The army announced today that it is calling up to active duty whether they like it or not, 7,862 reserve captains and lieutenants who are not assigned to units of the Organized Reserve Corps.

The officers, all men, will be on active duty by Oct. 3, the army said. They are being ordered up for 21 months, subject to change by Congress, unless relieved sooner.

The army said simultaneously that it will recall involuntarily 1,582 male officers of the active and inactive Medical, Dental, Veterinary and Medical Service Corps.

This call-up will affect officers up to the grade of major in the Medical and Medical Service Corps, lieutenant colonel in the Dental Corps and major in the Veterinary Corps.

The company grade officers being called include 1,808 captains and 6,054 lieutenants in 16 arms and services. They will come from all parts of the country.

This was the first army call-up of individual officers who are not members of the Organized Reserve. A week ago it announced the recall to active duty of 52,000 reserve enlisted men, to report in September and October.

The army did not say so, but presumably the officers being called up will help to fill the officer complement of National Guard and Organized Reserve units being summoned to active duty.

The army provided this breakdown of where the officers will come from:

Fourth army (Texas, Louisiana, Arkansas, Oklahoma and New Mexico)—182 captains, 612 lieutenants, 86 medical, 24 dental, 8

In Central Korea Sector All But One Bridgehead of

Foe Wiped Out

By Tom Lambert

WITH U. S. MARINES IN KOREA, Korea, Aug. 11.—(P)—The U. S. marines today captured Koseong, largest city to fall to the Americans in their current attack on the southern flank of the Korean front.

The marines drove out the North Korean Reds and took over the city at about noon. The Leathernecks had fought through the night against stiff Red opposition which crumbled just before Koseong was occupied.

Koseong was a battered, flaming hulk of a city as the marines drove in. Leatherneck fighters, bombers and artillery had riddled Koseong and set large sections afire. (Koseong's normal population is 50,000.)

In their advance against the Reds—whose withdrawal was a near rout—the marines captured sizable quantities of ammunition, clothing and small arms.

By the Associated Press

Pohang, No. 2 U.S. supply base on the east coast of South Korea, fell in flames today to a ferocious Communist assault, and the Reds brought their artillery within range of the American airstrip, six miles to the south. GI's battled hand-to-hand with the invaders virtually on the rim of the strip.

But on the central sector, Gen. MacArthur's headquarters announced, all communist bridgeheads across the Nakdong river save one have been wiped out, easing the threat to Taegu, key inland U. S. base. The one bridgehead, however, still posed a mighty menace. The communists had poured some 6,000 infantry soldiers into it, despite heavy air and artillery attacks, attempting to expand the salient near Changnyong, 25 miles southwest of Taegu.

Despite the black developments on the fighting fronts in South Korea and the deterioration of the international situation, President Truman will not seek passage of a universal military training bill at this session of congress, the White House announced. The announcement said he felt pressure for it at this time would interfere with other vitally needed legislation related to Korean war needs.

Second to Pusan
Loss of Pohang by the Americans and South Koreans took away the East Korean base where the U. S. First Cavalry division made the first amphibious landing of the war. It had been second only to Pusan, 65 miles to the southeast, as an American supply base.

At the edge of the air base—already abandoned by the Mustang fighters which had been taking off at 10 minute intervals in support of ground troops—the GI's fought for their lives against a surprise envelopment, but the communist mortar fire crept steadily ahead. A line of mud-stained Negro doughboys, thrown around the base's perimeter, combed the attacking lines with a counter fire. AP reporter Hal Boyle said in a front dispatch.

GI's Fight on Assumption There is Plenty

Editor's Note: This is the second of two columns comparing the fighting habits of American and North Korean soldiers.

By Hal Boyle
WITH U. S. TROOPS IN KOREAN—(AP)—One of the tragedies of the Korean war is that America has been able to supply its outnumbered troops with many of the comforts of home—but as yet hasn't delivered enough men or tools to win victory.

They are on the way—but many an American frontline doughboy unit would gladly give up its occasional ration of beer for a few more fresh soldiers or slugging Patton tanks.

"It wasn't this way in the last war," is a typical frontline comment.

The fact there are stacks of tooth brushes and razor blades here but very few modern tanks shows two things about the American soldier and the nation behind him:

1. The soldier likes the comforts and conveniences of peace in wartime so far as they are possible, and his country likes to give them to him.

2. The United States has been in a better position to make its candy bars in mass production. Tanks haven't been mass-produced.

The enemy has gambled on guns and rice rather than on chewing gum and hair tonics. And it is men, guns and rice they have.

"We should have insisted that both sides fight this war with tubes of brushless shaving cream," bellyached one American tankman. "Then we could have smothered them from the start. It would take them years to catch up with the edge we got in shaving cream."

This whole situation points up the major difference between GI Joe and the North Korean fighting man. The American fights on a tradition he will have plenty of everything. The North Korean doesn't. He has never known plenty. He has concentrated on the bare essentials of battle.

Wilderness Scouting

The North Korean can grab up a few balls of rice, his gun and a couple of ammunition bandoliers and take off through the hills and be self-sufficient for days. That is the type of wilderness scouting that used to be typical of the American but no longer is. The Korean is a skinny, candy-legged fellow who can operate through ranges that would yearn cut a mountain goat.

The U. S. soldier today prefers to put his faith in massed steel and a gigantic break-through. He has borrowed the German blitzkrieg principle but he is trying to make it work in a country of ox-cart paths—and without enough of the right kind of armor to punch through.

He hasn't had the manpower to protect the armor he has from ambush traps, from the hordes of enemy infantry who lay in wait in the hills for him—or surrounds him if he stands still.

Some officers think our army has become "road-bound" and soft. One told me "We aren't fighting the enemy—we are fighting mountains and mountain roads. And we just don't know how to fight like that."

Personally I agree more with another officer who said:

"It isn't a matter of being road-bound at all. That is the only way we have been able to fight up until now. It wouldn't have done any good to post our few dough-

Oldtime Sweethearts Marry

Cutting their wedding cake after they were married at the home of the bride in Los Angeles, Calif., Homer C. Banta and his bride, Mrs. Anna Ross, culminated a romance that started 50 years ago in Fresno, Calif. Banta moved to Indiana when he was 18, and each subsequently married and was widowed. The couple, each now 78, were reunited from a Fresno newspaper interview with Banta, a retired laundry owner, on his return there. (AP WIREPHOTO)

boys in the hills. They would only have been cut off. Don't worry—when we do have the infantry we need here they will go up into the mountains and comb out the Reds at the same time be bust through on the roads."

We have done it before. There were hills in Tunisia, Sicily, Italy, France, Belgium, Okinawa. We went through them to victory—and we will again. But it is hard now for those who hold and want the help they need.

Taxi Driver Found Shot To Death

VAN BUREN, Ark., Aug. 11—(AP)—A Fort Smith taxi driver was found shot to death Thursday in the trunk of his cab on a downtown Van Buren street.

Police Chief Vol. Russell identified the victim as Clyde E. Wells, 58.

Russell said Wells' body was found by a Van Buren patrolman who became curious when he noticed a key in the trunk lock.

Russell said Wells apparently was shot from behind. A bullet entered under the left shoulder and passed through the body. Wells' left arm also had been broken, but officers were uncertain whether the same bullet, or another, caused this injury.

A physician estimated Wells was killed from three to five hours before the body was found.

Wells is survived by his widow, Gladys, his mother, Mrs. Sarah Wells of South Gate, Calif.; four brothers, Everett of San Francisco; Archie, Elliott and Marion, all of South Gate.

No arrests had been made to night.

Divorce Petitions Filed Clerk's Office Thursday

A petition for divorce was filed in the Circuit clerk's office Thursday afternoon by Norma Hazel against Forest Hazel.

The petition states the couple was married August 31, 1946 and they separated August 3, 1948.

The plaintiff alleges general indignities and asks care and custody of one minor child.

Attorney for the plaintiff is W. W. Bain.

A divorce petition was filed in the Circuit clerk's office Thursday afternoon by Alice Carter Siron against Charles R. Siron.

The petition states the couple was married March 28, 1946 and they separated August 8, 1950. General indignities were alleged.

The plaintiff asks that her maiden name Alice Carter be restored.

Attorney for the plaintiff is W. W. Bain.

Housewife Ignores Bishop's Warning

NECEDAH, Wis., Aug. 11—(AP)—A gaunt, middle-aged housewife calmly insisted Thursday that she must "go ahead" with her expected vision of the Virgin Mary next week despite the skepticism of her Roman Catholic church bishop.

In banning any special religious observances at Necedah Aug. 15 when Mrs. Anna Van Hoof says she will receive a vision for the seventh time, Bishop John P. Tracey of the La Crosse diocese said yesterday that her claims "are of extremely doubtful nature."

"I must go ahead with it or our blessed mother will punish me," Mrs. Van Hoof said. "If she (the church) doesn't recognize it, then I will have to bear my cross all the harder."

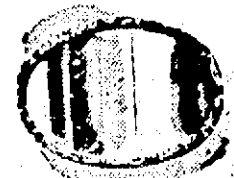

Indications are that as many as 100,000 persons from throughout the midwest have made plans to flock to the farm home of the Van Hoofs—out of devotion or curiosity. Special busses and trains have been scheduled for weeks.

The capillary tubes of the human body, placed end to end, would span the Atlantic.

The OPA Not To Be Revived

Existing Government Agencies Will Be Able To Handle Anti-Inflation Controls

WASHINGTON, Aug. 10.—(AP)—President Truman today ruled out another OPA to administer price controls when and if they are needed.

He said existing government agencies which he had been working to improve for five years are efficient enough to handle any anti-inflation controls in the Korean emergency.

Mr. Truman also told his weekly news conference that:

1—He would approve an excess profits tax and one will be adopted eventually, but he preferred this and other controversial measures to go over until Congress is free of election jitters.

2—He has full confidence in Gen. Douglas MacArthur in his handling of the Korean war and is optimistic over the military situation there.

3—Jakob A. Malik, Soviet delegate, is conducting a filibuster on the Korean question in the United Nations Security Council.

4—The President will consider the question of "high level" conferences on peace when and if that question arises. But he repeated there will be no meeting of heads of state.

The President said he is watching the threat of a railroad strike by the conductors and trainmen over their demand for a 40-hour week. Beyond that he would not talk about conferences the two sides are having with his assistant, John R. Steelman.

The President said he expects to leave to the Senate and House the exact terms of an economic controls bill now nearing a decision on Capitol Hill.

Mr. Truman made clear that he would like discretionary power to fix prices and wages but that he still feels his original modified recommendations should not be delayed by debate over stronger executive weapons.

Consider Discretionary Power

The House was on the point of passing a bill giving him discretionary authority much along the lines he asked—but with some additions.

Still to be decided was how much authority Mr. Truman should have to restrict credit and control commodity market speculation.

In rejecting the idea of a new office of price administration, Mr. Truman said he had spent most of his years in the White House trying to improve the departmental and administrative structure so it could do whatever job is necessary.

There is no reason, the President said, why existing agencies, improved by reorganization plans, can't operate successfully in any crisis.

The House was driving toward a vote today on the controls bill. Still to be settled before the bill goes to the Senate, which starts debate on a similar measure today, is the extent of authority the President would have to control commodity market speculation.

Limit Credit Powers

Republicans and Southern Democrats want the credit powers limited to real estate credit and consumer credit, with business loans exempted. Yesterday they put an amendment embodying their views by a tentative vote of 151 to 124, but administration forces believed they could reverse this on a roll-call count. They want the credit controls to be extensive.

Republicans also have pending, strongly-backed amendments to limit real estate credit curbs to the financing of new construction, and to deny to the President the power to control commodity market speculation. Most Democrats are against the GOP amendments.

Except for the extent of credit provisions still to be decided, the bill now follows the general lines of legislation the President has said he would accept, even though it gives him more power than he originally sought.

Is more controversial wage and price control provisions were approved overwhelmingly after the Democrats and Republicans worked out a compromise to create a week-old House statement.

Powers Proposed

All the powers proposed for the President would be discretionary—no could use them or not use them.

Guard Camp Opens Saturday

FORT LEONARD WOOD, Mo., Aug. 10.—(AP)—The 35th division will assemble here Saturday and Sunday for its annual two weeks of summer maneuvers.

Under command of Maj. Gen. John C. McLaughlin of Sedalia, Mo., the Missouri and Kansas National Guard units will move in as the 34th division from Iowa and Nebraska, moves out.

Then for two weeks the guardsmen will try out in the field the things they learned in weekly drill and classroom work during the year. In addition to tactical work this will include firing of all weapons with which the division is equipped.

The only break in the rigorous training will be a division review Aug. 19 in honor of the governors of Missouri and Kansas, both of whom have been invited to inspect the troops.

Advance detachments from some of the units are expected to arrive here Friday to prepare for the arrival of the bulk of the division on Sunday.

'Bob' Angel Is Injured Fatally

Sedalia Boy Died Of Injuries While On Fishing Trip

Jerry Eugene "Bob" Angel, 21 years old, of Sedalia died of injuries received in a boat accident while on a fishing trip at Gravois Beach, Mo., about 8:45 o'clock Thursday evening.

Angel and several friends were on a fishing trip at the resort town when the accident occurred about 4:00 o'clock Thursday afternoon. Witnesses who saw the accident gave the following account:

"Angel was driving the boat several hundred yards off the shore line when rough waves caused the boat to spin momentarily, and then threw Angel from his seat."

It was believed that after being thrown into the lake, the boat motor cut him on the legs and his right arm which was almost severed next to the shoulder blade. A later examination revealed that the arteries in the arm had been cut and that death was due to loss of blood and shock.

Angel was taken to the Gravois clinic in Versailles, which is about nine miles north of Gravois Beach, where he was given emergency treatment by Dr. Jackie Gunn.

His condition was not considered critical and the death was unexpected according to Bill Kidwell, of the Kidwell funeral home in Versailles, where the body was later taken.

Angel's parents, Mr. and Mrs. J. C. Angel, 2100 South Kentucky avenue, were called to the hospital after the accident and arrived there about fifteen minutes after the boy had died.

Angel was alone in the boat when the accident occurred and was taken from the lake in a semi-conscious condition by several resort visitors who went out in boats after they saw the accident.

Angel was born in Kansas City on May 12, 1929 and came to Sedalia several years ago. He was not employed at the time of his death because of injuries received in an automobile accident a short time before.

He is survived by his parents and one brother Bill also of Sedalia.

The body was taken to the McLaughlin funeral chapel here Thursday night.

Funeral arrangements have not been completed.

Price of Haircuts Raised to Dollar

The Sedalia Barbers' Union, Local 259, met in special session Tuesday night at the Bonwell Hotel barber shop and voted to raise the price of haircuts in Sedalia shops from 75 cents to \$1.00.

The price raise went into effect Wednesday, August 9. This price will apply to children's haircuts as well as to adults.

A member of the union said the reason for the boost was the increase in the price of barber supplies. According to one barber the majority of comments made by customers have been favorable.

No change in the prices of shaves, shampoos or tonics were made. The increase applies only to barber shops in Sedalia.

Arrested And Charged As Hearse-Thief

CARROLL, La., Aug. 10.—(AP)—A Des Moines youth was jailed here today as a hearse-thief.

State Patrolman Harry Hagge said Ray Fisher, 18, was arrested in nearby Jackson, La., last night while driving the 1937 casket funeral hearse which had been stolen from a Des Moines parking lot.

Truman Gets New Controls

House Gives Him Free Hand To Use Price-Wage-Rationing Power As Necessary

By John B. Owen

WASHINGTON, Aug. 10.—(AP)—The House by a smashing 383 to 12 vote today passed a bill to give President Truman a free hand to clamp on sweeping price-wage-rationing controls if he deems necessary.

The Senate opened debate on a similar bill.

The House action went far beyond powers Mr. Truman had requested to control production and credit in view of the nation's preparedness drive. The legislators voted the extra standard by authority as insurance against war inflation.

But Senator Taft (R-Ohio) appealed to Congress to keep for itself the right to invoke such drastic powers, and not give the choice to President Truman.

Congress, Taft said, would be "completely abdicate its authority and its duty" if it gave Mr. Truman such a free hand. No individual should have it, he said, and argued that Congress could impose controls by joint resolution if necessary.

In this, he took direct issue with the Senate banking committee which said in a report today that Congress would be remiss in its duties if it did not provide the President enough power to meet potentially serious inflation dangers.

The committee chairman, Senator Maybank (D-SC), told the Senate that the nation's economy is so intricate that Congress cannot draw inflexible plans to cover all situations.

Decision After Six Days

The House reaching its decision after six days of squabbling, withheld from Mr. Truman two items of control:

1. It rejected 193-194 a provision giving him authority to regulate speculation on commodity markets.

There was a question, however, whether other credit controls, powers in the bill might permit him to move in and control speculation anyhow. It is a point to be settled in conference between the Senate and House.

2. It voted 202 to 108 to limit curbs on real estate credits to new construction or major remodeling started after noon on Aug. 3.

Thus the House bill would forbid the President to control credit on existing homes or those under construction.

Powers which the House bill carries include the right for the President to impose, if he thinks necessary:

1. Ceilings on wages and prices, separately or jointly, stabilizing wages at the May 24-June 24 levels. As to prices, he is directed to give "due consideration" to levels of that period.

2. Rationing as the needs require, at wholesale or retail levels.

3. Allocations of scarce materials for essential uses.

4. Top priorities for defense production.

5. Requisition of plants, materials and supplies if necessary for the nation's defense. Owners would be entitled to compensation and first choice in regaining their property when it is no longer needed.

6. Production loans up to a total of \$2,000,000,000 to increase defense supplies.

7. Controls on granting of credit, with some restrictions.

House Bill Expires June 30

While both House and Senate bills would give Mr. Truman broad discretion to invoke control authority, each puts a time limit on using it. The House bill would expire next June 30, and the Senate bill a year later.

Real controls is not included in the legislation. Mr. Truman did not request this power.

Neither did he ask for price-wage-rationing controls. He agreed to accept them if he were allowed wide latitude in their use.

The President contends they are not needed at this time to keep inflationary dangers in check.

The House bill carries a stiff anti-hearing provision aimed at persons who have more than a normal stock of necessities. The penalty could be a year in prison and \$10,000 fine.

Warning Given Searchers Are Auto Drivers

Those Being Too Careless To Face Jail Sentences

It's going to be tough on the "smart aleck" careless drivers who are arrested by the police. And also on those who are arrested for driving a car while intoxicated. A new ruling is being set by Police Magistrate Jerry Trotter, cooperating with the police department, starting on Monday.

It isn't going to be just a fine for those violators. They will draw a jail sentence as well.

Discussing the conditions in Sedalia Thursday morning, Chief of Police Edgar Neighbors pointed out that the majority of the large fines have been put on the above mentioned violators.

"This careless, reckless speeding on the streets of Sedalia has got to stop. The police are doing everything in their power to stop it, but it appears to be funny to some of those persons who have been arrested and to others who think they are getting away with it."

Judge Trotter, after surveying the past several months of convictions and arrests of such violators has decided to issue a warning. Chief Neighbors said.

To Impose Jail Sentence

Judge Trotter stated it is noted there are quite a few "smart aleck" drivers among the younger folks in Sedalia who think they are getting away with something. "There are a few slick ones who have the same attitude and I have decided to give a warning on first. Effective Monday morning, such 'smart aleck' careless drivers, drunken drivers and such will not only be given a heavy fine but a jail sentence will be attached."

"Of course there are some exceptions on the careless driving charge. They will be given a chance for a hearing as to what brought about their arrest and if it is of a minor nature no jail sentence will be imposed. The ones who are after are the drivers who show no respect for the law whatsoever," Judge Trotter concluded.

The police have received several complaints on particular cars whose license numbers have been turned in and the police are on the watch for those cars and the drivers will be "unhappy" when they are caught in violation of the laws.

Dies of Wound in Shooting Affray

KANSAS CITY, Aug. 10.—(AP)—J. N. Folk, 50-year-old St. Louis music teacher, died today of a shotgun wound suffered in a shooting affray at St. Louis last Sunday morning.

Folk was brought here from a Maryville, Mo., hospital after the shooting in which a brother-in-law, Clarence Hughes, 61, took his own life.

Sheriff Everett Bowman said Hughes shot Folk and then shot himself fatally.

Bowman said the two men had argued Saturday night in a St. Louis cafe. Later, he said, Hughes drove to Folk's home, called him into the yard and shot him.

He then drove back to his own home and shot himself beside the car.

Neighbors who found Folk said the first blast said he told them that Hughes shot him but didn't know why.

Austin Says Russia Could Call Off The North Koreans

By Francis W. Carpenter

LAKE SUCCESS, Aug. 10.—(AP)—The United States today called the North Korean regime a Russian zombie spreading a new imperialism organized to wipe out the republic of Korea with Russian-made tanks and guns.

The American delegate, Warren R. Austin, told the U. N. Security Council the Soviet Union could time has come to slap back vigorously, if they chose—and keep the war from spreading.

The Soviet Union replied with charges of "slandering" but acknowledged the Russian forces sold war material to the North Koreans today in 1949, when Moscow announced withdrawal of its occupation troops.

Council Got Nowhere

That was the nub of a battle of words in which the Council again got virtually nowhere in the immediate business at hand—discussion of a United States resolution to call on all nations to avoid supporting the North Koreans.

Earlier today the nine non-Communist members failed in a concerted attempt to stop what the Americans call "obstruction" of the work of the Council by Russia's Jakob A. Malik. The Council bogged down once more in procedure, with no end in sight before Sept. 1, when Sir Gladwyn Jebb, of Britain, relieves Malik as Council president.

In a 3,000-word speech outlining the American stand, Austin made it clear that Washington:

1. Considers the Soviet Union responsible for the "unprovoked" attack of the North Koreans on the South.

2. Knows that the Russians and International Communism could lift the fear of war from the peoples of the world if they wished to do so.

Austin took the floor after getting the nod from Washington to open a full-fledged campaign against Russian tactics, and speeches in the Council. The Americans were said to feel the call of the North Koreans today time has come to slap back vigorously, if they chose—and keep the war from spreading.

The U. S. delegate accused the Soviet Union of setting up in North Korea and other countries "subversive puppet government—Zombie governments that breathe and speak and act, but have no soul."

Austin did not in his text make the specific charge that the Russians are at this time supplying North Koreans with tanks and guns, but the United States has reported to the Security Council that the invasion was launched June 25 with Russian-made tanks and guns.

Malik slammed back that the Soviet Union twice has shown that the United States is the aggressor in Korea.

"The slanderous hints of the United States that the Soviet Union as a great power provides arms to North Korea are based on nothing," Malik said.

Preceding the session was a secret, 90-minute meeting. In this conference the nine non-Communist members tried in vain to get Malik to "stop stalling," as some delegates put it.

Talk on Color Is Given to Kiwanis Club

E. F. Bowman is Speaker at The Noon Luncheon

How colors affect our daily lives was explained by Emory F. Bowman, local paint store owner, in a talk before the Sedalia Kiwanis club meeting in Hotel Bonwell Thursday noon.

He told how colors influence the temperament, the digestion and the nervous system, and their application to social and business life of men and women; also the effect color has on children in schools and homes.

Color means life and death, success or failure, according to psychological research.

The speaker gave interesting background illustrations of actual experiments with colors and their effects on human life.

Mr. Bowman was introduced by Program Chairman George A. Scruton, who also called attention to the Kiwanis tomato festival scheduled for the meeting of August 24 at which time Kiwanians will bring this product of their own gardens to compete for recognition. R. C. Hemphill, chairman of the agriculture committee, will have charge of arrangements.

President Herbert Schranckler announced there would be a meeting of the board of directors at the home of W. F. Keyser Friday evening.

Housewife Ignores Bishop's Warning

NECEDAH, Wis., Aug. 10.—(AP)—A gaunt, middle-aged housewife, mainly insisted today that she must "go ahead" with her expected vision of the Virgin Mary next week despite the skepticism of her Roman Catholic church bishop.

In canning any special religious observances at Necedah Aug. 15 when Mrs. Anna Van Hoot says she will receive a vision for the seventh time, Bishop John P. Treacy of the La Crosse diocese said yesterday that her claims "are of extremely doubtful nature."

"I must go ahead with it or our blessed mother will punish me," Mrs. Van Hoot said. "If she (the church) doesn't recognize it, then I will have to bear my cross all the harder."

Health Office Functioning

District Quarters At Sedalia Has Sixteen Counties

The district office No. 3 of the State Division of Health, now located in the Central Business College building, 605 South Massachusetts avenue, is functioning in its new location and members of the personnel are becoming accustomed to their new quarters and to Sedalia as their new home.

The office was opened here as a result of the recent districting, which closed offices at Higginsville and Osceola.

The third district is composed of the following counties: Bates, Benton, Boone, Camden, Cole, Cooper, Cass, Henry, Hickory, Howard, Jackson, Johnson, Lafayette, Moniteau, Miller, Morgan, Pettis, St. Clair and Saginaw. These counties will receive public health services through the Sedalia district office.

The new headquarters occupies seven rooms in the Business College building, having been redecorated and arranged especially for the use of the Division of Health. The present staff is composed of Mrs. Frances Hemphill, R. N., district nurse; Miss Opal Coppel, R. N., supervisory nurse; Mrs. Eva B. Moon, public health educator; Miss Betty Winn, office secretary; Louis Payton, district engineer; Edward Delaney, assistant district engineer; Calvin K. Treacy, assistant district engineer; and Norman Geiger, food and drug inspector.

Fatally Injured In Automobile Accident

LAKE CITY, Fla., Aug. 10.—(AP)—Mrs. Louise Walters of Afton, Mo., died here yesterday of injuries suffered in a highway accident Tuesday.

The State Highway patrol said a car in which she was riding overturned after a tire blew out. Her husband, Fred Walters, and two other persons in the car suffered minor injuries.

Biggest Red Threat Is At U. S. Airbase Pohang Where Yanks Landed Last Month

WITH THE U. S. EIGHTH ARMY IN KOREA, Aug. 10.—(AP)—Pusan was saved from Red capture by a "history-making maneuver," Lt. Gen. Walton H. Walker, Eighth Army commander, said tonight.

The North Korean Communists came within 25 miles of the east coast allied supply port before a sudden U. S. tactical stunt put the Americans on the offensive and set the enemy on its heels.

Walker said the maneuver was "a miracle," adding: "If the Reds had taken Pusan we would have been destroyed. It would have been the finish."

TOKYO, Friday, Aug. 11.—(AP)—Two fast-moving North Korean regiments today—smashed to within three and one-half miles of the vital U. S. fighter strip at Pohang on Korea's east coast. Enemy patrols jabbed to within three miles of the strip.

At the other end of the 140-mile battle line, American forces continued to grind forward toward the flaming ruins of Chinju in southwestern Korea. In this sector 1,000 Communists were reported trapped as the U. S. infantrymen counted an advance up to 13 miles.

The Pohang battle raged deep inside allied lines.

Along the boxlike defense line this was the picture:

North—A Red column pushed four miles south of Yongdok on the east coast as Red pressure mounted all along the northern front defended by South Koreans.

Northwest—Allied troops isolated two separate Red forces which crossed the Nakdong river near Waegwan, 12 miles northwest of Taegu.

West Central—North Koreans battled furiously to hold a mile-wide bridgehead near Changnyong, about 23 miles southwest of Taegu.

Southwest—American doughboys and Marines pushed toward the flaming Communist supply base of Chinju with the enemy retreating almost in rout.

Reds Pound Pohang

American tank-led reinforcements were rushed into the Pohang battle to bolster South Korean defenders who were surprised in a Communist night attack.

Marriages, Society, Club Activities In And Around Sedalia

Dal-Whi-Mo Court Women Get Together

Miss Emma Jean Vaughan, daughter of Mr. and Mrs. L. H. Vaughan of Clarksburg, whose engagement and approaching marriage to Mr. Ivan Loganbill, son of Mr. and Mrs. Joe Loganbill of Versailles is announced by her parents.

For some time Mrs. W. W. Blain, 511 Dal-Whi-Mo Court, has been of the opinion that the women living on the court, which is in the 1100 block west, running from Fourth to Sixth street, should be better acquainted.

She had talked to several of the women, and one morning recently Mrs. A. G. Hausam and Mrs. Roy Neighbors called on her and said, "Let's quit talking and do something about it." So they did.

The Court was named for three pioneer families, Dal for Dalby, Whi for White, and Mo for Moses. Mrs. Frank Keyser, who lives on Fourth street, not far from the Court, was Miss Agnes Dalby, a member of one family for which it was named.

After the three women met they arranged for a "get-together coffee" from 10:00 until 11:00 o'clock Wednesday morning at Mrs. Blain's home.

Flowers, presented by the neighbors, were used profusely throughout the home. Coffee, doughnuts, candies and nuts were served to the 21 women present.

Those who could not attend were either employed, or on vacation.

A corsage was presented to Mrs. Patrick O'Connell, the oldest resident on the court, who is 96 years of age, and one was given to Mrs. W. A. Drongold, the most recent resident, 515 Dal-Whi-Mo Court.

Mrs. L. M. Wood, Mrs. Jewell Harter Thomas, Mrs. R. E. Mullen, and Mrs. Blain have lived on the Court over 36 years. Mrs. E. A. Smith, Mrs. J. W. Reid, Mrs. C. H. Weaver and Mrs. Simon Kanter have been there over 20 years.

Attending the coffee were: Mrs. Hausam, Mrs. Neighbors, Mrs. L. M. Wood, Mrs. George Lovetcamp, Mrs. Floyd C. Lutgen, Mrs. Clay Williams, Mrs. Martin Singleton, Mrs. J. W. Reid, Mrs. C. H. Weaver, Miss Marguerite O'Connell, Mrs. P. O'Connell, Mrs. Simon Kanter, Mrs. Carrington Shields, Mrs. W. P. Hurley, Mrs. J. A. Lamy, Mrs. R. E. Mullen, Mrs. Lynn Russell, Mrs. O. L. Scott, Mrs. Blain, Mrs. W. A. Drongold, Mrs. J. G. Conner.

Unable to attend were: Miss Cora Chandler, Mrs. Lode Mor-riss, Mrs. Frank Behen, Mrs. W. W. Howe, Mrs. E. A. Smith, Mrs. Phil R. Costello, Mrs. Jewell Harter Thomas, Mrs. T. A. Walsh, Mrs. E. M. Stafford, Jr.

Engagements

Mr. and Mrs. L. H. Vaughan, of Clarksburg, announce the engagement and approaching marriage of their daughter, Emma Jean, to Mr. Ivan Loganbill, son of Mr. and Mrs. Joe Loganbill of Versailles. The marriage will take place in September.

Mr. and Mrs. E. H. Bremor of Florence, announce the engagement and approaching marriage of their daughter, Mary Lou, to Mr. Ellwood R. Simon, son of Mr. and Mrs. Paul Simon, 704 Wilkerson.

Mr. and Mrs. Charles B. Viorth of Chanute, Kansas announce the engagement of their daughter, Miss Jeanne Viorth, of 222 East Fourth street, Sedalia, to Mr. A. C. Antweiler, son of Mrs. Adam Antweiler and the late Mr. Antweiler, of Jefferson City.

Miss Viorth is employed as bookkeeper in the offices of Swift and Co. in Sedalia, and Mr. Antweiler is a maintenance man for the National Cash Register Co. in Jefferson City.

Date of the marriage has not been definitely set.

Mr. and Mrs. E. E. Kasak, Route 5, Sedalia, announce the marriage of their daughter, Erna Ruth, to Mr. Mark A. Bergmann, son of Mr. and Mrs. P. J. Bergmann, 902 East Eighteenth street, Sedalia.

The marriage will take place September 3rd.

Former Sedalian Guest of Sister

Dr. and Mrs. M. E. Gouge, 1501 West Fourth street, have as their guest, Mrs. Gouge's sister, Mrs. Frederick H. Martin, who will leave Monday for her home in Chico, Calif.

Mrs. Martin is the former Miss Louise Letts, of Sedalia. Since the death of her husband, some years ago, at their home near Chicago, she has moved to California, where she and her daughter, Miss Louise, reside, and where she is teaching.

Mrs. Martin is on her way west after visiting her sister, Mrs. Elizabeth Letts, and her brother, Jackson Letts, Short Hills, N.J.

Mary Meyer is Bride of J. M. Bockelman

Miss Mary Meyer, daughter of Mr. and Mrs. William Meyer of Banner, became the bride of Mr. John M. Bockelman, son of Mr. and Mrs. Alfred Bockelman of Versailles Saturday, June 24th.

The double ring ceremony was performed before an altar setting of white lilies, roses and dahlias at 9:00 o'clock at the St. John's Catholic church in Banner with the Rev. Father Owens officiating at the nuptial mass.

As the procession Miss Rose Reusch played the "Bridal Chorus" from Lehmann, by Warner Mendelssohn's "Wedding March" was used at the recessional.

The bride, who was given in marriage by her brother Ralph, chose for her wedding a gown of white slipper satin with a fitted bodice and lace yoke. The sleeves were long and tapered to a point over the hand. Her hoped skirt lengthened into an aisle wide train. Her finger-tip veil was fastened to a tiara of seed pearls, and she carried a bouquet of red roses with white satin streamers. Her only ornament was a gold necklace with a diamond, a gift of the bridegroom.

Miss Martha Klein was maid of honor. She wore a gown of pink taffeta with matching head band and she carried a bouquet of carnations.

Anna Mae and Mary Lou Veltan, nieces of the bride were flower girls. They wore white floor-length taffeta gowns.

Mr. Ralph Meyer, brother of the bride and Junior Bockelman, brother of the bridegroom, were the bridegroom's attendants. Raymond Veltan and Jewel Brown were ushers.

Marilyn Morris Is Honoree

Mrs. C. K. Parsons, Miss Maurine Parsons and Mrs. Oscar DeWolf entertained Wednesday at the Parsons' home, 901 South Osage avenue, with a luncheon and miscellaneous shower honoring Miss Marilyn Morris of Columbia, formerly of Sedalia, who will become the bride of Mr. Kenneth Krause of Kansas City, August 12.

A color scheme of pink, blue and white was carried out in the table decorations, and the place cards which were miniature Colonial brides. A Colonial nosegay was presented Miss Morris, sent her by Mrs. John Merry of Long Island, N.Y. Arrangements of garden flowers and pink gladioli were used throughout the house.

After the honoree opened her gifts, the rest of the afternoon was spent in visiting and reminiscing. Miss Elizabeth Parsons assisted in serving.

Guests were: Miss Morris, her mother, Mrs. J. U. Morris, and her sister, Lila, of Columbia. Mrs. K. F. Krause and daughter, Sue, of Kansas City, Mrs. Milton Klein of Versailles, Mrs. Robert Rose, Mrs. John Sneed, Jr., Mrs. Edmund Snively, Mrs. Sam Herndon, Mrs. Thomas Biggs, Jr., Mrs. C. C. Lee Lozier, Miss Mary Brady and Miss Mary Jane Scotten.

corsage of white carnations.

Dinner was served to the immediate relatives and friends at the home of the bride. The home was decorated in pink and green and vases of roses and larkspur. A four-tier wedding cake topped with a miniature bride and bridegroom baked by the bridegroom's mother centered the table. Immediately after the dinner the couple left for a short honeymoon. The bride chose for traveling a yellow flowered silk duster crepe dress with brown accessories. They are now at home in Kansas City.

The bride is a graduate of Banner school. The bridegroom is a graduate of Versailles high school and served in the Army Air Force overseas in World War II.

Betty Peck Weds Melvin Alpers

Miss Betty Peck, daughter of Mr. and Mrs. J. A. Peck, of Kansas City, became the bride of Mr. Melvin Alpers, son of Lou's Alpers Saturday evening at 7:30 o'clock at the Lutheran parsonage of Rev. Weinholt in Kansas City. Witnessing the ceremony were the bride's parents. They will reside in Kansas City, where they are employed.

Salvage Many Cases of Cancer

NEW YORK, Aug. 11.—(AP)—Dr. Edwin C. Ernst, St. Louis radiologist, said today present indications are that a large number of advanced cases of cancer once regarded as incurable can now be salvaged.

Dr. Ernst, president of the medical staff of Barnard, Free Skin and De Paul hospitals in St. Louis, arrived on the liner Stravangefjord after attending international medical meetings in London and Paris.

The physician said he reported on four years work at Barnard hospital in what he called an entirely new method of treatment for cancer of the womb. "Methods of treatment must be changed radically to permit a greater dose of radium with added safety," he said.

Dr. Ernst said he visited clinics in Norway, England and France and found clinical work behind that in this country, partly owing to "lack of incentive because of socialization of medicine."

Also returning on the Stravangefjord was Dr. Merrill C. Sosman, professor of radiology at Harvard University and a member of the staff of the Peter Bent Brigham hospital, Boston.

He said that on a two-month tour of Scandinavia and England he was impressed by the "tremendous rate" of accumulating the basic facts on cancer.

"It gives promise that some day we find the cause," Dr. Sosman said.

Citation Voted For Contempt

WASHINGTON, Aug. 11.—(AP)—The House today voted a contempt of Congress citation against Philip East, general manager of the Communist Daily Worker newspaper, who was accused of defying the House Un-American Activities committee.

Then, the House began voting citations against several other witnesses charged with refusal to answer committee questions during an investigation of communism.

Next on the list of those cited was James Maties, organizational director of the United Electrical Workers, which has been thrown out of the CIO for following the Communist party line.

Three other U.E. officials, all from the Pittsburgh area, followed Maties. They were Thomas J. Fitzpatrick, Thomas Quinn and Frank Panzino.

The House then began voting to cite thirty-nine witnesses who appeared before the committee during its investigation of communism in Hawaii last April.

The House expected to cite a total of 56 witnesses. Two—Julius Emspak, national secretary-treasurer of the United Electrical Workers, and Steve Nelson, Communist party organizer for western Pennsylvania, were cited yesterday.

The maximum penalty for contempt of Congress is a year in jail and a \$1,000 fine.

Victor Johnson Be
Judge of Road Horses

Mr. and Mrs. Victor Johnson, Missouri State Fair Grounds, are going to attend the Illinois State Fair in Springfield, Ill., August 12 through August 18th, where Mr. Johnson will officiate as judge of road horses. The road horse class stakes are the largest ever held in the United States. He will also referee on harness pony classes and saddle horse classes. Mr. and Mrs. Johnson will return August 19th to show horses at the Missouri State Fair.

Still Building New Homes

PHILADELPHIA, Aug. 11.—(AP)—It is going to be a little more difficult to buy a new house, but construction of homes has not stopped, declared Housing Expediter Tigne E. Woods.

Woods made his statement last night to 2,000 persons attending the 10th anniversary of Pennsylvania Institute, School of Trades.

The federal housing official declared there is no law on the books or under consideration by congress "that would call for a curtailment of housing construction."

But, he explained, the new housing rules which President Truman asked federal housing agencies to put into effect will make it "a little more difficult" to purchase a new house in the under \$10,000 price class and increasingly difficult for purchasers as the price of the house increases.

He also warned Veterans not to "fall for the hard luck story of some builder that he has to raise the prices on the new homes he is offering for sale."

Woods said under government regulations any slight cost increase which may have occurred by the last few months can be easily absorbed by the builder taking just a little less profit.

Hannegan in Auto Accident

KANKAKEE, Ill., Aug. 10.—(AP)—Robert Hannegan, 37, of St. Louis, son of the late Postmaster General Robert Hannegan, was injured yesterday in an automobile accident.

Hannegan is at St. Mary's hospital with neck and possible internal injuries. The accident occurred on the Dixie Highway 10 miles east of here.

With Hannegan was Francis T. Barnidge, 17, of 6925 Kingsbury University City, Mo. Witnesses said their car went off the pavement as it was being passed by another. When Hannegan tried to pull his car back on the pavement, the rear wheels caught the edge of the road and swerved the vehicle into the other, the witnesses said.

Hannegan's St. Louis address is 5745 Lindell Blvd.

The other car was driven by Roy L. Klema, 34, of Kankakee, Ill., and his passenger, Patrick Benoit, 17, also of Kankakee, were slightly hurt. Barnidge also had minor injuries.

Reports Billfold Lost

Paul Morgan, Harrison Cab Co. driver, reported to the police Thursday he lost his billfold last Saturday, August 5, which contained valuable papers and \$31.00 in cash. It was also reported a colored boy on a bicycle was seen to pick it up from the street near the Cab Company and ride off.

Mrs. Phyllis Goff, 1902 Park Ave., Indianapolis, Indiana, is now able to go about her housework in less time than it takes to talk about it. That is, of course, since Mrs. Goff has been taking wonderful HADACOL. Mrs. Goff had been suffering from a deficiency of Vitamins B, B₁₂, Niacin, and Iron, which HADACOL contains.

Now full of pep and energy, Mrs. Goff is able to give this fine statement: "It's pretty bad when you are in a run-down condition when you are only 32. That includes headaches, loss of sleep, I was also terribly nervous all the time. Then I heard about the wonderful results other folks were getting from HADACOL. After taking a few bottles my nerves were calmed, I got a good night's sleep, and I gained five pounds. I think HADACOL is wonderful. I recommend it to all my friends."

This is another one of the statements the fine folks who have been taking HADACOL gave us. Yes, there are thousands and thousands of people all over the country who are getting blessed relief from wonderful HADACOL when they needed Vitamins B, B₁₂, Iron, and Niacin.

Let HADACOL Help You
If you are suffering from stomach distress, nervousness, insomnia, constipation, aches and pains of neuritis, or a general run-down condition, caused by such deficiencies. Remember, it will cost you nothing if HADACOL doesn't help you. Murder Charge On Slayer

DOUGLAS, Ariz., Aug. 11.—(AP)—A recently discharged railroad employee blamed excessive drinking today for his admitted brutal murder of 68-year-old Miss A.C. Park in a Pullman berth.

The slaying occurred aboard the Southern Pacific's Golden Gate Limited near here early yesterday.

A charge of first degree slaying and rape has been filed against Harold T. Lantz, who signed a confession.

Miss Park, who resided in Grinnell, Ia., had been visiting friends and relatives in Phoenix and California. She was strangled, examining doctors said, either before or after she was criminally attacked. The cartilage tissue in the victim's throat was completely broken, physicians added.

Miss Park, a temperance worker and former teacher was bitten and severely clawed on the neck and breast. Scratches on his face indicated she had resisted the assault.

Discharge Five State Troopers

SPRINGFIELD, Ill., Aug. 11.—(AP)—Five state troopers were fired and a sixth demoted by the state police merit board yesterday on charges growing out of theft of money from confiscated slot machines.

About \$150 in coin was taken from some of the 27 slot machines seized during state police raids on Pulaski county last July 29. All the money subsequently was recovered.

Four of the dismissed policemen were accused of removing money from the machines they were guarding in a Cairo, Ill., garage.

A spokesman for the merit board identified the four as Dan L. Baker and James E. Williams, both of Gelconda, and Richard Jones and Orvan Van Biber, both of Harrisburg.

The fifth patrolman fired was identified as William D. Kelley of Goreville. Kelley was charged with "failure to cooperate" in an investigation of the incident.

Demoted from Sergeant to Patrolman was Ler J. Buie of Mendota, who had charge of the guard detail, but was found by investigating officers to have been absent when the machines were tampered with.

Shoes From Old Tubes
GLENDALE, Calif.—(AP)—If factors of children in the R. D. White Elementary School find the inner tubes missing from their car tires, they can blame it on teacher Mrs. C. Juanita McGowan, handicraft superintendent, has the children making beach and play shoes out of inner tubes.

The shoes are sewed with yarn and fastened with metal clips at strategic points and decorated with wooden beads. Cost of the shoes is nominal, the teacher pointed out, since the material comes from discarded old tubes.

Slight Food Price Drop Last of July

WASHINGTON, Aug. 11.—(AP)—The government reported today a slight, overall drop in retail food prices during the last half of July.

The report by the Bureau of Labor statistics was based on a special survey of 25 foods in 13 large cities, as of July 31. The spot study was made because of congressional action on possible price controls in view of the Korean crisis.

BLS Commissioner Ewan Claiborne, reported to Secretary of Labor Tobin that although prices of 18 of the foods went up, the rises were more than offset by sharp seasonal declines in retail prices for fresh vegetables and lower prices for fresh pork.

He estimated retail prices on all foods to be about two-tenths of one per cent lower than on July 15.

Decide Not To Get Tough Just Grin And Bear Tirades

By J. M. Roberts, Jr.
AP Foreign Affairs Analyst

The non-Communist bloc in the United Nations has backed away from all suggestions that it "get tough" with Soviet Russia over her delaying tactics in the Security Council.

There have been suggestions for rules changes, for a "walkout" during Russia's August chairmanship, for ouster of Malik as chairman, for referral of the Council's business to the General Assembly and what not.

To start changing the rules would set a precedent for a fight over changes every time they hamper somebody. The general feeling about walkouts or tactical adjournments is to let Russia have all the pleasure of such tactics. There is really no urgent business to justify a call for the General Assembly.

There might be something to a meeting of the Little Assembly, where the same delegates could contribute their words to the propaganda war as members of a committee rather than of the General Assembly.

But on the whole, the present attitude seems to be to grin and bear it—or at least to bear it, meanwhile preparing to answer Malik's propaganda tirades.

Marines Grab Some Sack Time

But on the whole, the present attitude seems to be to grin and bear it—or at least to bear it, meanwhile preparing to answer Malik's propaganda tirades.

Conduct Battle For Mind of Asia

President Truman's description of the Russian tactics as a "fill-duster" is not the whole story. The principal Russian reason for returning to the Council hall which it boycotted for seven months was not merely to obstruct. The positive purpose was to conduct a battle for the mind of Asia, to work on anti-western sentiment in that area, and to exploit differences between the western powers over Asiatic policy, especially with regard to Communist China.

Having, then, crossed the tactical battle to curb Malik in the Security Council, the non-Communist delegates will draw up their forensic guns for a bitter of futile word battle. It may be a good thing, in some respects, that some of the smaller countries will join in this effort, as Ecuador already has. One Russian tactic is always to seek to arouse resentment among these smaller countries by labeling them satellites of the west. They themselves can provide the best answer for this.

There's something else that occurs to me, though. There is plenty of need for western propaganda—a propaganda of truth and, more important, of deeds.

Malik Accuses Others

So far, when Malik accuses other peoples of aggression, of atrocities, the west has refrained from direct charges in return. A good, complete report on Russian tactics in North Korea and elsewhere—now she has trained and armed the satellite armies, the names of her officers in them, what weapons and how many supplies—a "names, dates and places" citation of her perfidy, would make more impression on me than any amount of "answers."

Or lacking that, there might be some value in an ignoring tactic—just letting Mr. Malik talk and not even deigning the notice it. That might really turn him up.

At any rate an old Ukrainian story is being repeated at Lake Success. One Ukrainian saw another in a pond, flailing his arms, yelling as the waters were about to close over his head. "There's no use wasting so much energy shouting," said the mail on shore in what seemed at first like sensible advice. But then he added, "you're going to drown anyway."

An American pulled a "switch" on that one. "The guy in the chair," he said referring to Malik, "has certain powers. If he abuses them there's not much you can do about it. The more you fight him, the more you help him accomplish his purpose of delay."

Minnie Tells Police 'I've Been Done In'

NEWPORT, Ky., Aug. 11—(AP)—Minnie, who admitted she had been drinking "a little" errand sensation wherever she went early Thursday morning.

For Minnie, who registered at police headquarters under the last name of Lovins, was clad only in a pair of shoes.

She first appeared at a night club. An employe hustled Minnie into a taxicab. The cabbie brought her to police headquarters.

Police Lt. James Fuller said Minnie told him she had been "done in" by a man who left her on the road, minus her clothes.

Fuller sent her to a cell and provided a blanket, after charging her with breach of the peace.

\$10,000 Damage Suit Filed Thursday Afternoon

A \$10,000 damage suit was filed in the Circuit clerk's office Thursday afternoon by Violet Ash against T. C. Towry of Wichita, Kas.

The suit involves a collision which the petition says occurred at the intersection of Broadway and Grand avenue on July 15.

In this collision Mrs. Ash said she sustained injuries of a permanent nature and that these injuries came about as a direct result of the negligence of Towry who was operating the other car involved.

She asks as compensation for time lost and for expenses \$10,000.

Attorney for the plaintiff is John C. McCloskey.

Don't Be Satisfied With Symptomatic Relief! RELIEVE THE REAL CAUSE OF YOUR STOMACH DISTRESS—

Indigestion, Gas Pains, Heartburn, Bloating when Due to Vitamin B₁, B₂, Iron and Niacin Deficiencies

ONE OF THE GREATEST BLESSINGS OF THE TIMES!

Here is some wonderful news for you folks who suffer so from stomach disturbances (indigestion, gas, heartburn, sour-stomach, etc.) in your throat after meals) because your system lacks the important vitamins B₁, B₂, Iron and Niacin.

Now—Thanks to the great new HADACOL—you can actually relieve the real cause of such stomach disturbances caused by these deficiencies. A marked improvement is often noticed within a few days' time. And continued use of HADACOL not only gives continuous, complete relief but helps prevent such distress from coming back. That's the kind of product you want—the kind you should start taking immediately.

Anyone would be very foolish indeed to be satisfied with symptomatic relief, when HADACOL now makes it possible to relieve the very cause of this stomach distress due to such deficiencies—know the joy of eating the foods you like without belching and suffering gas pains, heartburn and tormented indigestion afterwards.

How HADACOL Works...

HADACOL not only supplies work-run-down, deficient systems with extra quantities of Vitamins B₁, B₂, Iron and Niacin but also beneficial amounts of precious Calcium, Phosphorus and Manganese—so vital to help maintain good health.

And these vitamins and minerals come in special liquid form so that they can be more easily and quickly absorbed and assimilated in the blood—ready to go right to work at once. HADACOL even reinforces your red blood cells (where iron is needed) to carry these healthy elements to every organ in your body—to the kidneys, lungs, liver and heart—even to the nails, eyes and hair.

Start taking HADACOL at once. HADACOL costs only a small amount a day. Trial-size bottle, \$1.25. Large family or hospital size, \$3.50.

Just a Few of Thousands of Folks With Such Deficiencies Who Have Been Helped!

Alton E. Brazier, 905 Blythe Street, Memphis, Tennessee, writes our readers to know: "I've been bothered with my stomach; I went on diets which made me very weak. I tried everything and spent hundreds of dollars to no avail until I tried HADACOL. My stomach quite bothering me after the second bottle. I have a better appetite and feel fine. Thanks to HADACOL."

Pretty Mrs. Alma Kincaid, 2125 East Adelaide Street, St. Louis, Missouri, told us this: "I want you to know how much better I feel since I've taken HADACOL. I've had stomach distress for quite a while. But nothing did me any good. They just said I had a nervous stomach. This is my second bottle of HADACOL and I really feel fine. I'm not nervous; I never feel tired. I can eat anything I want to."

Mrs. I. E. Nelvis, Sr., 2622-A St. Vincent Avenue, St. Louis, Missouri, writes: "I could hardly eat anything at all that did not hurt my stomach. Now I eat anything I want and it doesn't hurt me. I can't praise HADACOL enough and have recommended it to all my friends and neighbors. I feel much better since I have been taking HADACOL."

Mrs. Alton C. Stotesberry, Monticello, St. Plymouth, North Carolina: "I am 33 years old. I have suffered distress from my stomach off and on for quite some time. I had to almost give up and stay in bed. Nothing has helped me like HADACOL. I have just taken it for two weeks. I have gotten wonderful relief. I think HADACOL is wonderful. My husband is 41 years old. He started taking HADACOL today; I am going to start giving it to my children."

Marcus Matthews, Route 1, Vanzant, Kentucky: "I had been bothered with my stomach. Everything I ate disagreed with me. But after taking 3 bottles of HADACOL I can eat anything and feel fine at all times. I don't have to take any more soda after each meal. I can recommend HADACOL for your stomach." Reading The Bible

In his Epistle to the Colossians, St. Paul wrote: Let the word of Christ dwell in you abundantly. To the Romans he said: "Wherefore things are written were written for our instruction, that through patience and the comfort of the Scriptures we may have hope."

These words of the great apostle plainly recommend the constant reading of the Bible and sincere meditation upon the truth it contains. In a passage in Timothy there is the classical injunction that all Scripture inspired of God is profitable to teach, to correct, to instruct in justice.

There are many reasons why the Bible should be read. The most important is that it develops the love of God. Nothing is more calculated to deepen the spiritual life and the sense of union with God than familiarity with Holy Writ.

Compliance with the second great commandment—thou shalt love thy neighbor—is also encouraged and helped by reading the Bible. Man learns from the Bible not only how deeply and truly God is concerned about every human being, but how much He desires that men should look upon one another as spiritual brothers. The Bible reminds us that we shall be co-heirs in the Kingdom of Heaven provided we are faithful to Him who created us.

There is no doubt that reading the Scriptures creates an inner joy and peace of soul. The word gospel means "the glad tidings." Who has not wondered at the calm and serenity showing in the face of some old man or woman as he or she pores lovingly over the pages of a much-used Bible? Who has not seen the angelic rapture in a child's eyes as mother or father reads of the things Christ did and said while He was on earth?

Bible reading begets a freshness of mind, a cheerfulness of disposition, an exaltation of the soul. The Bible has a message for everyone—old or young, rich or poor, wise or unlearned.

Weak men are lifted up by its consolation and encouragement. The arrogant and self-willed are made modest and understanding by its tender pleading for human weakness. The good are made better by studying it, and saintly souls are lifted up and quickened by the beauty of its revelation and the glory of its eternal promise.

Sunday School Lesson

The Builders of a Nation
By William E. Gilroy, D. D.

The Old Testament books of Ezra and Nehemiah tell the story of two men of vision and courage who led an exiled people from Babylon back to the Jewish homeland. It is also the story of the rebuilding of Jerusalem.

The great story has a present day aspect for Jews once more are seeking to fulfill their age-long dream of living in the historic Holy Land. In that ancient time many Jews remained in Babylon, where they had established roots in their exile and gained considerable prosperity. There they built so strong a Babylonian Judaism that it lasted until the 11th century A. D.

Similarly many Jews of today will continue to make their contribution to the lands in which they are so well established. But the haunting instinct is strong in some, and thousands of displaced persons still dream of finding a secure place in a Promised Land.

Let me recall briefly the events leading up to the life and work of Ezra and Nehemiah. The Northern Kingdom of Israel was established after Solomon's death, when 10 tribes rebelled under Jeroboam. One hundred years later the armies of Babylon overwhelmed the Southern Kingdom of Judah and carried most of the people to exile in Babylon. A vivid account of that exile is to be found in Psalm 137.

The best things in life are sometimes valued only after they are lost and the Israelites in exile recounted the sins of the past and their failure to heed God's command and call.

When King Artaxerxes inquired as to the cause of evident sadness of his cupbearer, Nehemiah, he found this devout Jew troubled over the desolate state of Jerusalem. The king commissioned Nehemiah governor, entrusting him with power to lead an expedition there.

Nehemiah was a soldier, a man of action, and a man of spiritual devotion as well. The great spiritual leader in the movement of restoration, however, was Ezra.

Ezra, a revivalist at heart, championed the rediscovery of the "Law of the Lord." Through public readings of the law and organized worship in the Holy City, Ezra launched a successful movement against the idolatry in certain high places.

It is unfortunate that the detailed achievements of Ezra and Nehemiah have not been recorded in a chronologically clear order. Through the centuries scholars have found the two Books difficult to read because of vague references to time and circumstance.

It is my opinion, however, that the first expedition failed. I believe the later work of Nehemiah made reconstruction possible, as well as the religious revival and the national restoration.

Minor details, though, are unimportant beside actual achievements of these great leaders, who accomplished their purpose in spite of delays, enemies, and countless frustrations. The devotion of Ezra and the courage of efficient Nehemiah, triumphing in a great era of Jewish history, combine to form an inspiring story.

Locke E. Bowman, Jr., Guest Speaker

Locke E. Bowman, Jr., a few years ago a member of the news department of the Sedalia Democrat and Capital, is to be the guest speaker Sunday morning at the Broadway Presbyterian church, the regular church announcement states.

Mr. Bowman during the summer months has been serving as pastor of the Presbyterian church at Osceola, Mo., and also supplying at Deepwater, Lowry City and Chalk Level churches.

When in Sedalia, in addition to his newspaper work he served as an instructor at Central Business college.

He later took a course at William Jewell college, Liberty, Mo., where he worked out-of-school hours on the Liberty Tribune.

He attended McCormick Theological seminary in Chicago during the 1940-50 term and expects to soon return there to further his theological studies and receive his degree as bachelor of divinity.

Circle Holds Monthly Session Thursday

The August meeting of the Ruth circle of the Evangelical and reformed church was held Thursday afternoon at the home of Mrs. A. H. Kuecker. She was assisted by Mrs. Louis Kuecker.

Mrs. Arvid Rhodes opened the meeting with a devotional. This was followed by a program from the study book on dreams given by Mrs. Lloyd Satterwhite. A dedication service was also held for the overseas products, which the circle is sending overseas, by Mrs. Michael Wolfel.

Eighteen members and three visitors were present at the meeting. A new member, Mrs. Tom Gray, was also at the meeting and was welcomed into the circle.

The circle gave five dollars to the St. Lawrence Mission in the Ozarks this week for their World Neighbor project.

Their next meeting will be held in the home of Mrs. Lottie Meisner of Smithton.

Leslie S. Ladd, Jr., of 34 Cleveland Avenue, Nashville, Tenn., sure knows his HADACOL. He has his mother and his grandfather get precious Vitamin B-1, B-2, Niacin and Iron from this family product.

"My mother, we haven't taken our HADACOL," says Leslie when his mother forgets sometimes. Mrs. Ladd explains, however, that her will, always be a HADACOL family because it has helped relieve deficiencies of Vitamin B-1, B-2, Niacin and Iron for herself, little Leslie and her father.

TAKES 10 BOTTLES

Read Mrs. Ladd's own statement of their experiences once they learned that they were suffering from such deficiencies and began taking HADACOL: "I have taken 10 bottles of HADACOL. I have been run down since my oldest son was born. I am 23 years old. I have had very little appetite and I had week spells every morning. I would almost faint but after taking HADACOL they are gone and I stay hungry all the time.

"My four-year-old son had little appetite and his cheeks were pale. He now takes HADACOL and his cheeks are rosy and he has a wonderful appetite. I also had gastric disturbances, but they are gone now. My father took HADACOL for the agonizing aches and pains of neuritis. He is much better now."

WONDERFUL HADACOL FEELING

HADACOL is that wonderful new preparation — promising blessed relief for your indigestion, stomach disturbances (gas, heartburn, sour "risings" after meals), for normal growth in children, as well as that general run-down condition, and aches and pains of neuritis. If your system lacks Vitamins B-1, B-2, Iron, and Niacin.

HADACOL is being recommended by many doctors. HADACOL is so amazingly successful because if your system lacks Vitamin B-1, B-2, Iron, and Niacin it acts directly to relieve this deficiency—the real cause of your trouble. That's the kind of product you want—the kind you should buy—the kind you should start taking immediately.

Only One Genuine HADACOL

Don't go through life suffering such fiendish torture from your stomach or aches and pains of neuritis when relief is as close at hand as the nearest drugstore for sufferers from these deficiencies. Buy HADACOL today. Trial size bottle only \$1.25. Large family or hospital \$2.00, \$3.50. Refuse substitutes. There's only one true and genuine HADACOL Adv.

B-J Chiefs Meet Moberly Here Tonight

Miss Pontiac Night At Liberty Park to Choose a Queen

Tonight is Miss Pontiac night at Liberty park when the Sedalia Chiefs of the CEMO Ban Johnson southern league meet the strong Moberly B-J Miners. The remaining seven games of the regular season schedule will tell the story on standings of the last half of the season. The Chiefs are leading the southern division at the present time with six wins against one loss.

The game tonight gets underway at 8:15 o'clock.

These two teams have always gone down the line to the finish in competitive spirit and have provided the fans with plenty of excitement.

In addition to pitting together what some consider the top two teams in the southern division, the game tonight will have other special attractions, aside from baseball.

The boy who put the jinx on Sedalia last season but thus far has failed to put the hoax on the Sedalia this year, will be on the mound for Moberly. He is "Corky" Schriener, Moberly's ace hurler. It was not certain who "Dutch" Hawley would send in for pitching chores for the Chiefs, but it will probably be either Imhauser or Egbert.

Because of the frequent postponements, the Chiefs are faced with the task of playing more games than usual, before the championship playoff around August 23. After tonight, the Chiefs have a game left to play with Moberly, two with Jefferson City, two with Mexico and one with Columbia.

If Sedalia continues to win, the Chiefs will no doubt meet Brookfield in the championship game, to be staged at Liberty Park. In the event some other team comes in first in the second half of play, it will create a play-off between the second half winners and the Chiefs. Thus the winner would then play the champion team in the northern division for the CEMO Ban Johnson crown.

Tonight will be the first regular scheduled league game for the Chiefs at home since they played Columbia here, July 20.

Dodgers Win Over Boston

Reliever Jim Konstanty of Phils a Winner

By Jack Hand
(Associated Press Sports Writer)

Jim Konstanty, the Phils' rubber arm reliever, looks like the most important single factor in the National League race. As long as Jim holds up, the Phils should ride high.

Soldier Curt Simmons is supposed to continue the job of coping off the sizzling New York Giants tonight. Chances are Konstanty will be in the final box score.

When Konstanty replaced Bob Miller in the eighth inning of last night's 6-5 win over the Giants, he made his 31st appearance of the season.

Singles by Gran Hamner and Andy Seminick and a game-losing throwing error by center fielder Bobby Thomson gave Konstanty his ninth victory in the 10th inning of last night's struggle. More important, it boosted the Phils lead to six games over Boston.

The important Brooklyn-Boston series opened with a win for the Dodgers, 4-3. Consecutive homers by Gil Hodges and Roy Campanella in the fourth aided the cause. The win slipped Brooklyn into third place, three percentage points ahead of the idle St. Louis.

Hodges' stab of Sam Jethroe's liner started a game-ending double play that ruined a ninth-inning Boston threat. Earlier Jethroe hit his 12th homer, Campanella's homer, No. 23, tied the Dodgers club record for right-handed batters.

Pittsburgh broke a 10-game losing streak by beating Chicago, 7-4. Ralph Kiner, Wally Westlake and Clyde McCullough hit homers in the four-run fourth as the Cubs dropped into a seventh-place tie with idle Cincinnati. Kiner's homer was his 31st of the year.

Picking on the second division clubs proved risky business in the American League yesterday. Only Cleveland, a 5-4 winner over St. Louis, got away with it. The Tribe squeezed home with Bob Lemon hitting two doubles to back up his 18th victory.

Detroit added a half game to its lead, now measuring 3 1/2, Cleveland, not New York, now is in second place. But the Tigers missed a chance. After whipping Chicago, 10-6, they were held to a 1-1 tie in the second game, called by darkness in the seventh inning.

Philadelphia dropped New York into third place by a 5-3 win in their series opener. Alex Kellner copped his seventh win with help from Lou Brissie in the ninth.

Boston ran into trouble with fifth-place Washington. The Senators came up with eight runs in the second inning to win the opener for Bob Kuzava, 11-2, but the Red Sox took the second game, 4-3.

Browns Lose to Indians 5-4

By the Associated Press

The lowly St. Louis Browns had to face Bob Lemon, the American League's leading pitcher, at Sportsman's park last night and dropped a 5-4 decision.

The Cleveland Indians barely came through with Lemon contributing two doubles to an attack that gave him his 18th victory, against five defeats.

The triumph lifted the Indians back into second place and dropped the Browns deeper into the cellar.

Lemon yielded 11 hits but kept them well scattered. Stubby Overmire allowed eight hits and five runs in the eight innings he worked before Jack Bruner came in as his relief.

Outfielder Ray Coleman of the Browns had two hits, scored two runs and drove in another. Jim Deling and Les Moss had two hits each.

The Cardinals were idle, but other activity in the National League jumped the Redbirds back into fourth place, three percentage points behind Brooklyn. The Cards now trail the leading Philadelphia Phils by six and a half lengths.

The Cardinals play Cincinnati tonight, with Cloyd Boyer or Gerald Staley scheduled to go against Ewell Blackwell.

The Browns take on the league-leading Detroit Tigers in a two-night doubleheader in St. Louis.

Schroeder to be In Cup Defense

NEWPORT, R. I., Aug. 11—(AP)—Ted Schroeder predicted today he'll be "ready" if picked to help defend the Davis cup for Uncle Sam.

"I'm not in shape now but I will be ready if the selection committee wants me when the challenge round arrives," the La Cresenta, Calif., ace said in an Associated Press interview.

The country's top-ranking amateur expressed resentment at reports he is being "favored" for a singles berth, but said that makes him play harder.

"It makes me so mad I go out on the court to show I can still play pretty good tennis."

As to the U. S. chances to retain the cup, Schroeder shrugged, then stressed that he had no assurance that he would be a singles selection. The Californian never has lost a Davis cup match.

Schroeder, competing in his first grass court competition of the season, yesterday reached the semi-finals of the Newport Invitation tournament by scoring a hard-earned 6-4, 6-4, 7-5 triumph over Vic Seixas of Philadelphia. Ted's ground strokes and volleying appear to be getting sharper with each match.

Fatally Injured During Race

SAN DIEGO, Calif., Aug. 11—(AP)—Death struck down apprentice jockey Johnny Glisson, 17, of Winnsboro, S.C., yesterday at the Del Mar racetrack, where he started his riding career and ended it—all in less than a year.

Glisson, younger brother of national riding champion Goren Glisson, was fatally injured during the running of the fourth race on the same track where he rode his first winner of his career last Aug. 19.

Survivor of another near-tragic accident on the New Orleans fair grounds track last Feb. 7, the young rider was aboard Mr. and Mrs. Jack Carava's Broker yesterday when the horse snapped his left foreleg and fell approaching the first turn.

Young Glisson was hurled to the infield, his head apparently striking the rail as he went down. He never regained consciousness and died soon after arrival at a hospital of a fracture of the skull and a fractured cervical vertebrae in the neck.

His brother Gordon was riding C. H. Jones and Sons' Winsir in the race in which the accident occurred.

Jr. Legion At Sikeston For Tourney

Three Other Clubs In Battle: Finals Will Come Off Sunday

The Sedalia Post 16 of the American Legion will play the Stockham post of St. Louis at 8:00 o'clock tonight in Sikeston. The St. Louis post had a season's record of 14 wins and three losses.

Springfield will play Kansas City at 4:00 o'clock this afternoon.

Lineup for Post 16 Junior Legion team: Broadbuss cf, Morgan 2b, Shawver ss, Burton 1b, Bartlett rf, Cochran c, Dey lf, Bennett 3b.

The Sedalia Jr. Legion team Post 16 will play their first game in the State Tournament for Legion teams tonight at Sikeston, Mo. The Legion is all out to win the "big one" this year and their chances appear very good. Three other teams will battle for the final stages of the Missouri State Semi-Pro Baseball Tournament at Liberty Park, last Monday night, in all due respects, a last minute word should be mentioned about the Sedalia semi-pro team.

Since the Sedalia Cubs played their last game of the season, when they were defeated by the Sedalia "Whiz Kids" 11 to 6 in the final stages of the Missouri State Semi-Pro Baseball Tournament at Liberty Park, last Monday night, in all due respects, a last minute word should be mentioned about the Sedalia semi-pro team.

It was no secret that the Sedalia Cubs had ups and downs all season long, losing more games than they won, but at the same time when their final test came, they put Sedalia's name in third place in the state tourney. Now it is up to the "Whiz Kids" if Sedalia's name is to be at the top.

Tough Time All Season

As previously mentioned, the Sedalia Cubs had a tough time of it all season long, and now it is unable to predict whether Sedalia will be represented by a semi-pro team next year, as a result of the past fielding of a semi-pro team.

True, the Cubs had to crank in a lot of out-of-town players to form the team, but other teams had outside help too. They all tried to obtain the best pitchers and other players possible.

Before closing the door on the season, the team's manager, Jack Albert, should not be overlooked. With his continuous efforts through good games and bad ones, he held the team together for the finale. He was not a quitter when the going was rough. For instance, there was one game played prior to the tourney when he had to send in all his pitchers, and finally wound up using a third baseman and another player to hold the final innings. Before the game was over, he took a turn at the pitcher's plate.

Albert Also Basketball Coach

Jack made a much better showing last winter with the Central Business College basketball team, as he coached the eagles to the championship of the State Lions Invitational Tournament.

Jack has proven himself not only a good basketball coach, but also a top athletic a few years past, before entering the armed services. For three years, he played third baseman for the Wassau, Wis., team in the Northern League, and starred as a guard with the Allen Bradley basketball team in Wisconsin.

At five feet, five inches, Claude (Buddy) Young, fleet half-back, is the smallest member of the New York football Yanks.

The Saratoga race track is the oldest racing plant still in operation in the country; it was opened 87 years ago.

The average American consumes 380 eggs annually.

Probable Pitchers For Today's Games

American League

Philadelphia at New York (night)—Coleman (12-8) vs. Byrne (12-8).
Boston at Washington (night)—Klinger (11-11) vs. Braxton (11-4).
Cleveland at Chicago (night)—Weiss (12-5) vs. Garcia (6-9) vs. Pierce (14-11).
Detroit at St. Louis (2)—(twilight)—Trent (6-2) and Borowy (11-3) vs. Garver (12-7) and Jernahan (3-2) or Marshall (11-2).

National League

Brooklyn at Boston (night)—Ewing (7-9) or Branca (5-9) vs. Blackwell (12-8).
New York at Philadelphia (night)—Mangle (10-3) vs. Miller (13-5) or Simmons (14-3).
St. Louis at Cincinnati (night)—Boyer (12-7) or Staley (13-9) vs. Blackwell (11-11).
Chicago at Pittsburgh (night)—Weiss (12-5) vs. Mayers (13-6).

Before the game was over, he took a turn at the pitcher's plate.

Albert Also Basketball Coach

Jack made a much better showing last winter with the Central Business College basketball team, as he coached the eagles to the championship of the State Lions Invitational Tournament.

Jack has proven himself not only a good basketball coach, but also a top athletic a few years past, before entering the armed services. For three years, he played third baseman for the Wassau, Wis., team in the Northern League, and starred as a guard with the Allen Bradley basketball team in Wisconsin.

All-Star Grid Game Tonight At Chicago

Philadelphia Eagles Meet College Stars At Soldier Field

CHICAGO, Aug. 11—(AP)—The Philadelphia Eagles, National Football league champions for the last two years, and the College All-Stars, representing the nation's top college players, meet in Soldier Field tonight in the season's first major grid game.

Eagles Won in 1949

The powerful Eagles, 38-0 winners over last year's group of All-Stars, were 14½ point favorites over this year's collegians in the 17th annual game between the professional champions and All-Stars.

Cool and cloudy weather was in prospect for the some 90,000 fans expected for the grid spectacle at the huge lake front stadium. Temperatures in the 60's were forecast at kickoff time, 8:30 p. m. (EST) the game will be broadcast and televised.

The pro champions have won nine and tied two of the 16 previous games. The All-Stars' last win was in 1947, a 16-0 victory over the Chicago Bears. They haven't scored a point in the last two games, blanked 28-0 by the Chicago Cardinals in 1948 and 38-0 last year by the Eagles.

All-Stars Better This Year

But this year's All-Star squad has been ranked as probably the best ever assembled. Dr. Eddie Anderson, of Holy Cross, head coach of the All-Stars and his staff have worked this year's group of collegians to the limit, but there have been few injuries. Emil Sitko, Notre Dame's 1949 All-Star, may be the only All-Star kept out of the game.

Sitko has not recovered from a pulled muscle.

This year's All-Star unit is big in the line physically and strong in line backing. The backs are the best and the whole squad has balance. The Eagles last year not only wore up the All-Stars, but also tore through the National Football league, with Steve Van Buren operating behind an extremely fast and rugged line.

Eagles the Champions

The Eagles ripped through the National league season last year, with a record of 11 wins and one defeat. They won the league title with a 14-0 win over Los Angeles.

Coach "Red" (Greasy) Neale has virtually the same powerhouse unit to throw at the collegians tonight.

The game will be broadcast over 500 stations of the Mutual Broadcasting system. The Dumont network will televise the game, with Chicago and Milwaukee "blackout."

The probable lineups of the College All-Stars add the Philadelphia Eagles for their game in Soldier Field tonight:
